DODD will begin sending sneak peak e-mails and updates about our new website launching October 31. The web address will be the same, www.dodd.ohio.gov, and includes the DODD Gateway—a portal that gives access to many new and enhanced features. New features include a new Provider Certification Wizard that allows online certification and certification renewal. To prepare for making the switch to online certification processing when the new site launches, DODD will stop taking paper applications as of October 14, 2011. The Division of Medicaid Administration sent a notification memo earlier this week. A link to the pdf is [here](#)
